The following is an extract from the report of Wm. S. Duniway for Oregon and Washington territory. read before the sixteenth annual Coughs, Coids, Sore Throat, Hearse-

meeting of the American Woman Suffrage Association : PORTLAND, ORE., Nov. 14, 1884. The woman suffrage amendment submitted to the voters of Oregon by the Legislature was rejected in June. It received between 11,000 and 12,000 Heart Pains." votes, with more than twice that number of negatives. The liquor dealers opposed it strongly, and the naturalized citizens of the State were almost unanimous against it. The almost unanimous against it. The 12,000 votes in favor embrace a large part of the leading men of the State, and give a foundation for future work. The campaign of the suffragists was helped by contributions from the East, the American Association doing nobly and earning the gratitude of the Oregon Society. The defeat is trying but not overwhelming, and already the friends of equality for women are at work circulating ity for women are at work circulating petitions and preparing to go before petitions and preparing to go before the next Legislature with a request for a vote at a special election on the amendment. If this is not successful, attempts to secure municipal suffrage will be made. But if the re-sult in Oregon is somewhat dis-couraging the news from, Wash-ington Territory is the opposite. The first general election in the Territory since the passage of the woman suffrage law was held on the 4th inst. If any one ever had a doubt that the women wanted to vote, this election ought to set it at rest. They have voted more numerously (12,000 or 15, 000) at their first opportunity than suffragists expected, and so conducted Life Preserved. themselves as to win the approbation themselves as to win the approbation of the press of the Territory. Their influence on the canvass, and particularly at the polls, has been healthful and purifying, and they have been treated everywhere with the utmost couriesy and respect—a deference all the deeper because they can now quietly give telling expressions. WARREN LELAND,

of America, says that while a passenger from New York on board a ship going around Cape Horn, in the early days of emigration to Cal-Hornia, he luntued that one of the officers of the vessel had cured historif, during the veyage, of an obstiants disease by the use of

Ayer's Sarsaparilla. ATEN'S SARRAPARILLA in many similar custs, and he has never yet heard of its fall

ne to effect a radical cure. Some years ago one of Mr. Lulann's farm aborers bruised his leg. Owing to the bed state of his blood, an ugly scrofulous swelling or lump appeared on the tajured limb. Herrible Stehing of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became entr-mously enlarged, and running nicers formed, discharging great quantities of extremely offensive matter. No treatment was of any well until the man, by Mr. LELAND's direction, was supplied with Aven's Sansara-RILLA, which allayed the pain and irritation, healed the scree, removed the awelling, and completely restored the limb to use. Mr. LELAND has personally used

Ayer's Sarsaparilla for Rheumatiam, with entire specers ; and,

his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of high living, Sait Rheum, Sores, Eruptious, and all the various forms of blood diseases.

We have Mr. LELAND'S permission to invite all who may desire further evidence in regard

to the extraordinary curative powers of ATER'S SARRAPARILLA to see him personally either at his mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York, Mr. LELAND's extensive knowledge of the good done by this unequalled eradienter of blood poisons enables him to give inquirem PREPARED BY
